

Exploring with Luce

An Activity Book for Curious Minds

Villa Pace

Villa Attems

Palazzo Orgnani

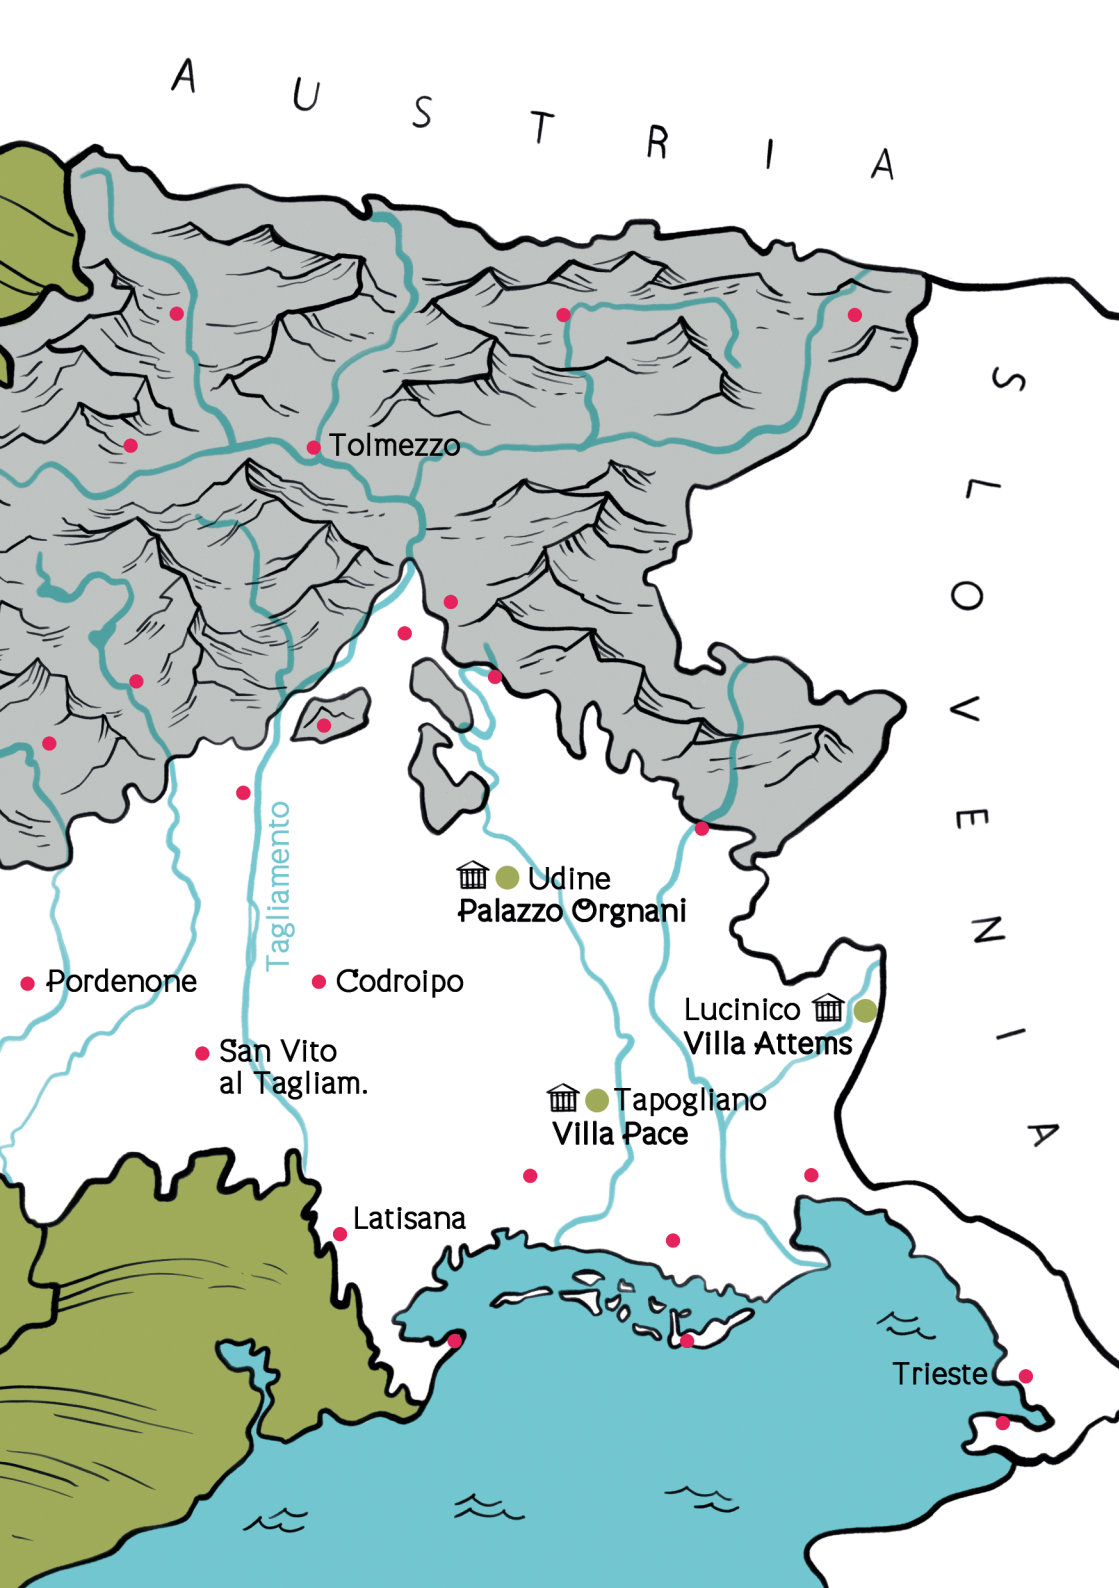

Hi! I'm Luce, Giorgio Celiberti's butterfly. He is an artist born in Udine in 1929... can you imagine how long ago that was?

I live here, in Friuli Venezia Giulia.

Did you know that Giorgio has drawn me many times? And he still does, because I am the symbol of freedom and memory.

Today I will accompany you on your visit, but first tell me:
Which historical house are you in?
Use the map to find it.

A lamp post or lantern

A marble element

A bush to hide in

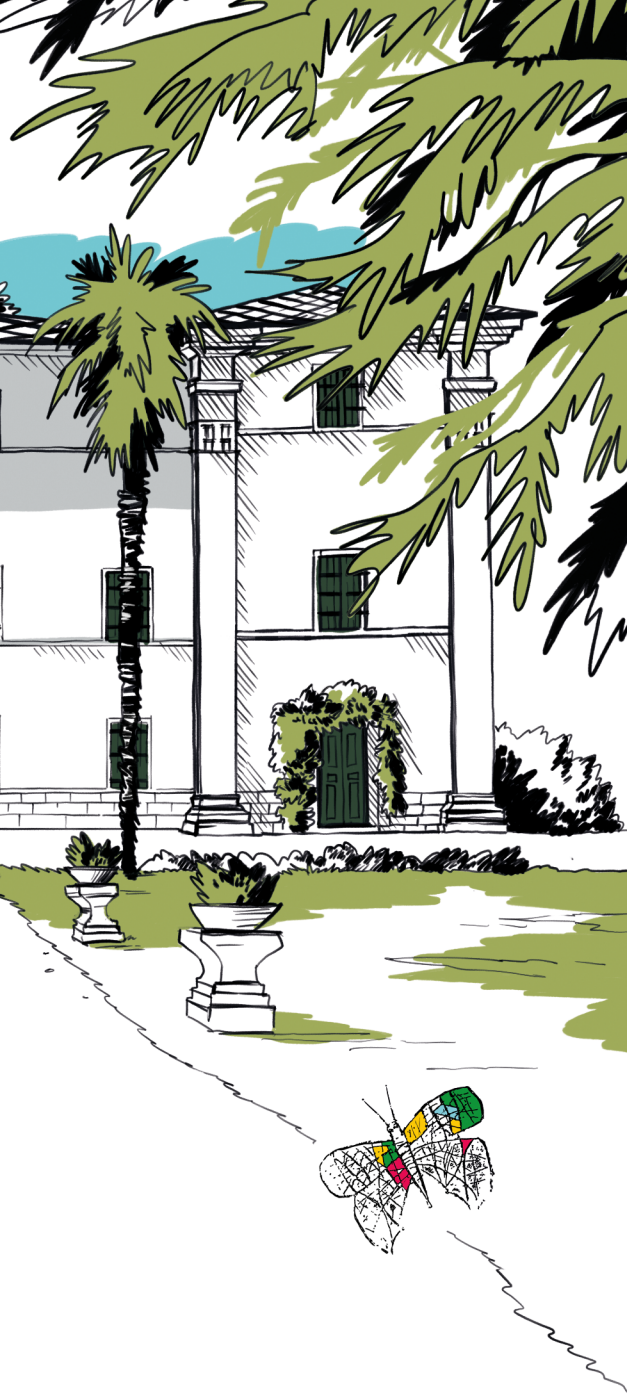

Here are some examples of objects you might see in the garden.

Find them during your walk and put a ✓.

Did they look similar to the ones drawn here?

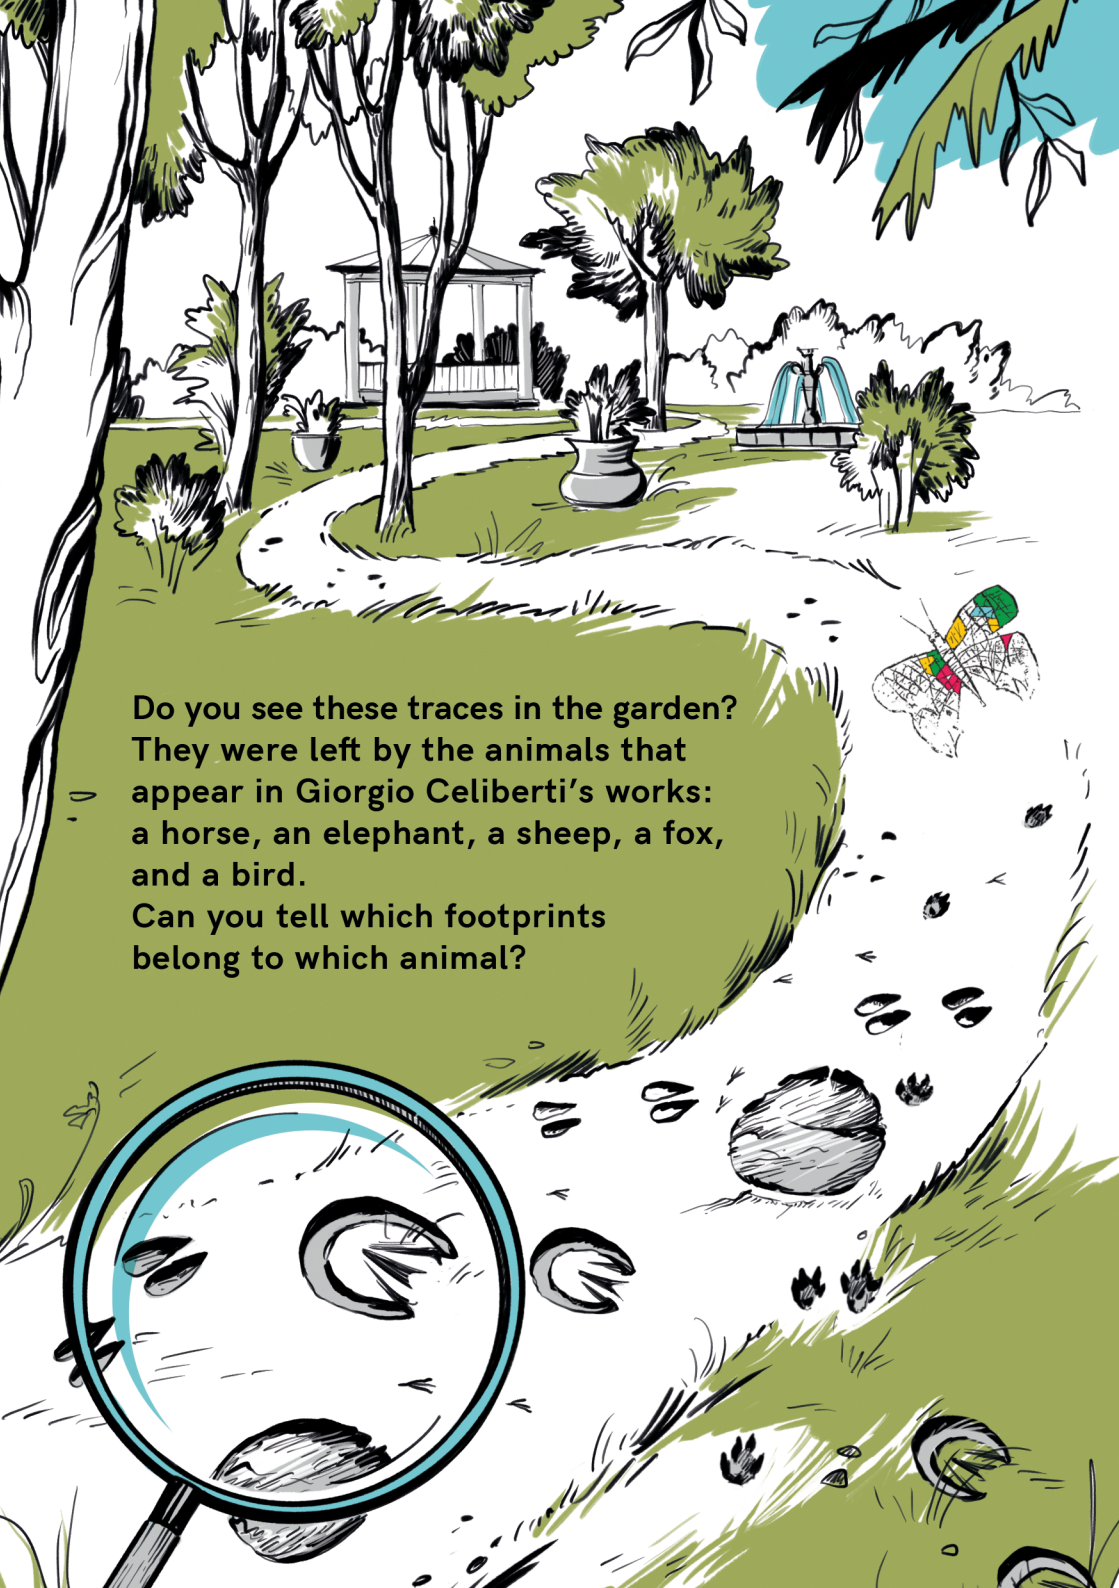

Villa Pace

This is Villa Pace. It is beautiful as it is... but today you are the artist!

Add colors, statues, trees, flowers or anything you would like to see here.

The same family has lived in Villa Pace for more than 700 years!!

Do you see these traces in the garden?
They were left by the animals that
appear in Giorgio Celiberti's works:
a horse, an elephant, a sheep, a fox,
and a bird.
Can you tell which footprints
belong to which animal?

Let me introduce you to some of my butterfly friends that live in Friuli Venezia Giulia.

Try to find their names and color them as they look in nature... or invent your own colors!

Do you want to be an explorer or an artist?

Villa Attems

This is Villa Attems.
Add colors, statues,
flowers... or draw
your family in the
garden!

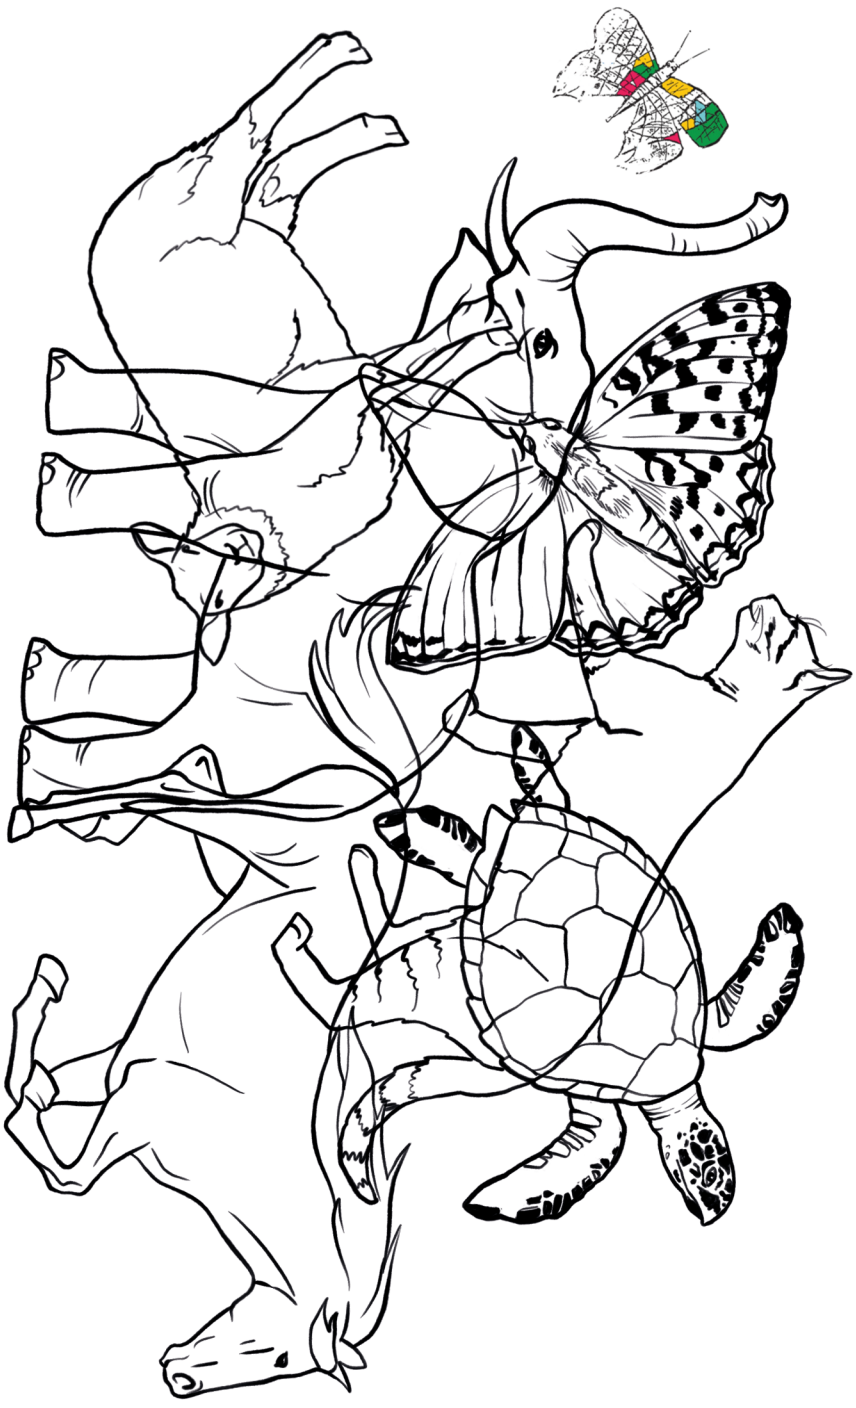

Did you know...
Above the park
gate of Villa Attems
there is still a stone
keystone with the
date 1649!

Look around the garden! You can find sticks, leaves, stones, pinecones... Here are some ideas of what you can create with them. Now it's your turn — invent your own!

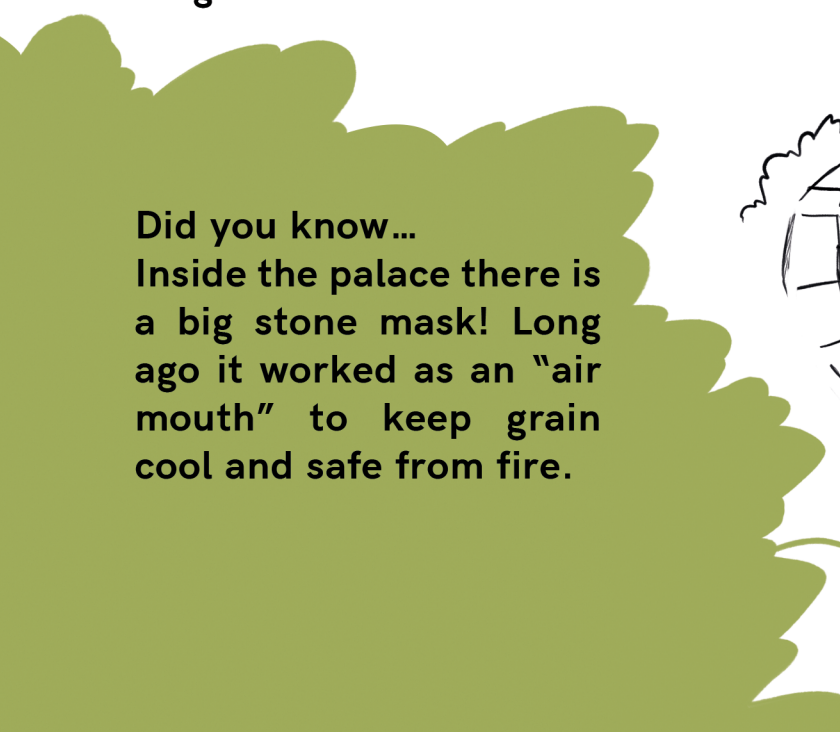

The animals have all mixed up together! Can you recognize them and say which ones you found?

Palazzo Orgnani

This is Palazzo Orgnani.
Make it special with your
colors and draw what
you would like to see in
its garden.

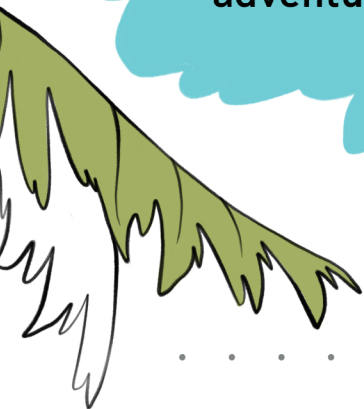

Did you know...
Inside the palace there is
a big stone mask! Long
ago it worked as an "air
mouth" to keep grain
cool and safe from fire.

This is your notes page!
Draw or write down everything
you want to remember from your
adventure in the Villa.

A series of ten horizontal dotted lines for writing or drawing.

Congratulations!

You are now a chosen explorer: write your name, the date, and ask the person who came with you to sign.
